ATLANTA SUFFERS DAMAGE BY STORM

Lightning Strikes Tower on Constitution Building—Trees in City Uprooted

Atlanta, June 18.—Damage estimated at several thousand dollars was done here late Sunday afternoon by a terrific wind and rain storm that lasted for nearly an hour. A tower on the Constitution building was struck by lightning and bricks scattered for many yards over the street in front of the structure.

The force of the wind uprooted trees in many parts of the city and scattered limbs across wires, temporarily paralyzing the telephone and lighting services.

Plate glass windows in several downtown store buildings were broken while the heavy downpour flooded the basements of Wesley Memorial Methodist church and a store building causing considerable damage.

The telegraph companies reported their lines practically unimpaired.

GAPPINS, KIRBY AND FOX PAY PENALTY

Meet Grim Reaper With Songs And Prayers On Lips—Leave Warning To Young Men

Columbia, June 17.—S. J. Kirby, C. O. Fox and Jesse Gappins were electrocuted at the penitentiary Friday morning shortly after 6 o'clock for the murder of Wm. Brazell, Columbia taxi driver, near Leesville on the night of August 7 last.

The trio went to their deaths singing and praying. Kirby went first. He feigned insanity and tried to get his hands from the straps. The officers told him he had better take it easy, but a second time he slipped his hands from the straps. Then four guards took hold of him forcibly; the straps were made tighter than usual, and the current was sent through his body, the man being deprived, because of contrary behavior, of the privilege of making a last statement. Gappins went second and Fox last the entire procedure consuming 40 minutes Fox and Gappins made last statements in which they warned young men against bad company and evil conduct.

The penitentiary officials took the curious by surprise and staged the executions at an early hour instead of noon, as is usual. This is the first time a white man has been executed in this state since 1913, and it is the first time three men were ever electrocuted in the state the same day.

The three men were convicted September 14, 1921 of the murder of Wm. Brazell, a young taxi driver of Columbia. They were first sentenced to die October 21, but appeals, which were never perfected caused postponement of the date and made resentencing necessary.

The murder which was respited this morning was committed during the night of August 7, 1921. The trio engaged the young man to take them to Lexington to "see some girls." When they got 15 miles from Columbia they blackjacked the young driver, their aim being to take his car and sell it in Florida. The blackjack broke and they stabbed him to death to get away with their plan, according to their confessions. They were later arrested in Augusta and for several days they were chased through Georgia and South Carolina by a mob of men bent on punishment.
